

Zell's Confections

*Handcrafted.
Beautiful.*

About Us

All our candies are hand made by our resident artisan, Zell Hung. As a child, he was fascinated with the candy making process, how to shape and mold sugars into art works.

Zell went on to study this art with masters in Hong Kong and Japan.

Finally bringing home his experiences and creating unique creations for his audience and customers.

Zell uses German Isomalt, to ensure quality. The candies are sugar-free and are brilliantly crystal clear.

Using a range of edible prints, edible paper and glitter, Zell creates beautiful artworks.

These make fascinating gifts, and Zell has crafted candies for a whole range of events, namely cosmetic corporate product launches, birthdays, Christmas and Chinese New Year gatherings.
